BALD JACK'S NARRATIVE NOT SHAKEN

Was the Opinion of Those Who Heard His Cross-Examination

BECKER TRIAL RESUMED

This Morning and Bridgie Webber Also Testified as to Part He Played in the Murder of Gambler Herman Rosenthal.

Associated Press Telegram. New York, May 14.—"Bald Jack" Rose and his fellow conspirator, or "Bridgie" Webber, occupied the witness stand during the forenoon session today at the trial of Charles Becker for the murder of Herman Rosenthal. The state called Rose in re-direct examination reinforcing parts of his story that the defense had attacked yesterday. When he left the stand it was the general opinion that his narrative in the main had not been shaken.

Webber was then called by the prosecution to tell of the part he played in the murder plot and on the gathering of the four gunmen, now all dead, at his poker rooms.

Miss Noma McAdoo, daughter of the secretary of the treasury, was a spectator at the trial today.

After almost six hours on the witness stand yesterday as the chief witness, "Jack" Rose today resumed his place as the steller attraction of the case, this time to aid District Attorney Charles S. Whitman bolster up the points attacked in his testimony by Martin T. Manton, chief counsel for the accused.

Throughout his cross-examination yesterday Rose matched his replies to the questions put by Manton with a reserve and retention of self control that yielded a strange fascination upon every person in the crowded courtroom and when he left the chair at adjournment he appeared to have come out of the ordeal in which his life had been laid bare, less fatigued than did any of the other principals of the trial.

Rose's statement as a witness appeared, to please District Attorney Whitman but Mr. Manton, too, expressed elation at admissions his questions drew forth.

WILL DETERMINE COUNTY CLERKS' OFFICE TENURE

Associated Press Telegram. Columbus, May 14.—Whether county clerks are entitled to a two or three year term of office will be argued before the Supreme court next week in the appeal of George N. Young, clerk of Seneca county, it was announced today. Young seeks an order in mandamus to compel Secretary of State Graves and Governor Cox to issue to him a commission as county clerk for three years, beginning last fall.

LIMITED JUMPS TRACK. Detroit, Mich., May 14.—The Wolverine limited on the Michigan Central railroad bound from New York to Chicago, jumped the tracks early today near Bucon, Ont. No one was killed but several persons were injured. Five cars left the tracks. Announcement of the wreck was made here by a Michigan Central-railway official.

New Industries Seek Sites; Factory Fund Should Be Raised and Ready For Use

The membership of the Board of Trade of any city is an important factor in determining the efficiency of the work done, and this is especially true of Newark at the present time, when the campaign is in progress to raise the factory fund which has been determined upon. Out of the membership dues, the actual running expenses of the Board must be paid, as not one cent of the factory fund can be used for this or any other purpose except the one for which it is created, to induce new industries to locate in Newark.

And right in this connection it will be proper to state, that this latter fund must be raised as soon as possible, so that it can become active toward the end for which it is being collected.

Already there have been inquiries from concerns that wish to locate in Newark, and have written to ask what inducement they can look for if it is decided to change the present locations. These are growing

JOHN D. SUED IN SUPREME COURT BY REALTY FIRM

Associated Press Telegram. Columbus, May 14.—Suit against John D. Rockefeller was filed in the Supreme court here today as an appeal from the Court of Appeals of Cuyahoga county, by the Koblitz Brothers' Realty company, which alleges wrongful termination of a lease by the Standard Oil company.

The Koblitz company held a 99-year lease on Cleveland property owned by the Standard Oil company. The oil company secured an order from the Cuyahoga county court for a termination on the ground of alleged violation of the lease's term by the Koblitz company. A door of the property was battered down by the oil company's employees, who took possession of the property, while it was occupied by five women servants of a sub-tenant.

The Koblitz company asks a continuation of the lease.

CANAL TRAFFIC MARKS EPOCH IN WORLD'S HISTORY

Associated Press Telegram. Washington, May 14.—For the first time in the world's history water borne traffic is now passing through the Panama canal according to the reports that have been received at the headquarters of the Panama railroad in New York, forwarded here today.

Though confirmation of the report has not yet reached the Washington office of the Isthmian Canal it is known that ample provision had been made by Col. Goethals for the institution of water service limited at first strictly to barges, beginning not later than May 10th.

As a matter of fact, according to the Panama railroad reports, the service actually began last Saturday and a steady stream of barges in tow is now passing through the canal.

The tremendous congestion in inter-oceanic commerce caused by suspension of service on the Tehuantepec railroad in southern Mexico as an incident to the rebellion brought about this rather premature opening of the canal to trade.

Colonel Goethals has not reported to Washington just when the canal will be opened to merchant shipping but the understanding here is that the waterway is practically finished and that even now there is a sufficient channel through the Culebra cut for almost any warship or liner.

It is understood that this large service is to be operated on about a twelve hour schedule from the Atlantic to the Pacific, which allows about an hour delay in each of the locks.

WILL ESTABLISH SAVINGS BANKS IN THE SCHOOLS

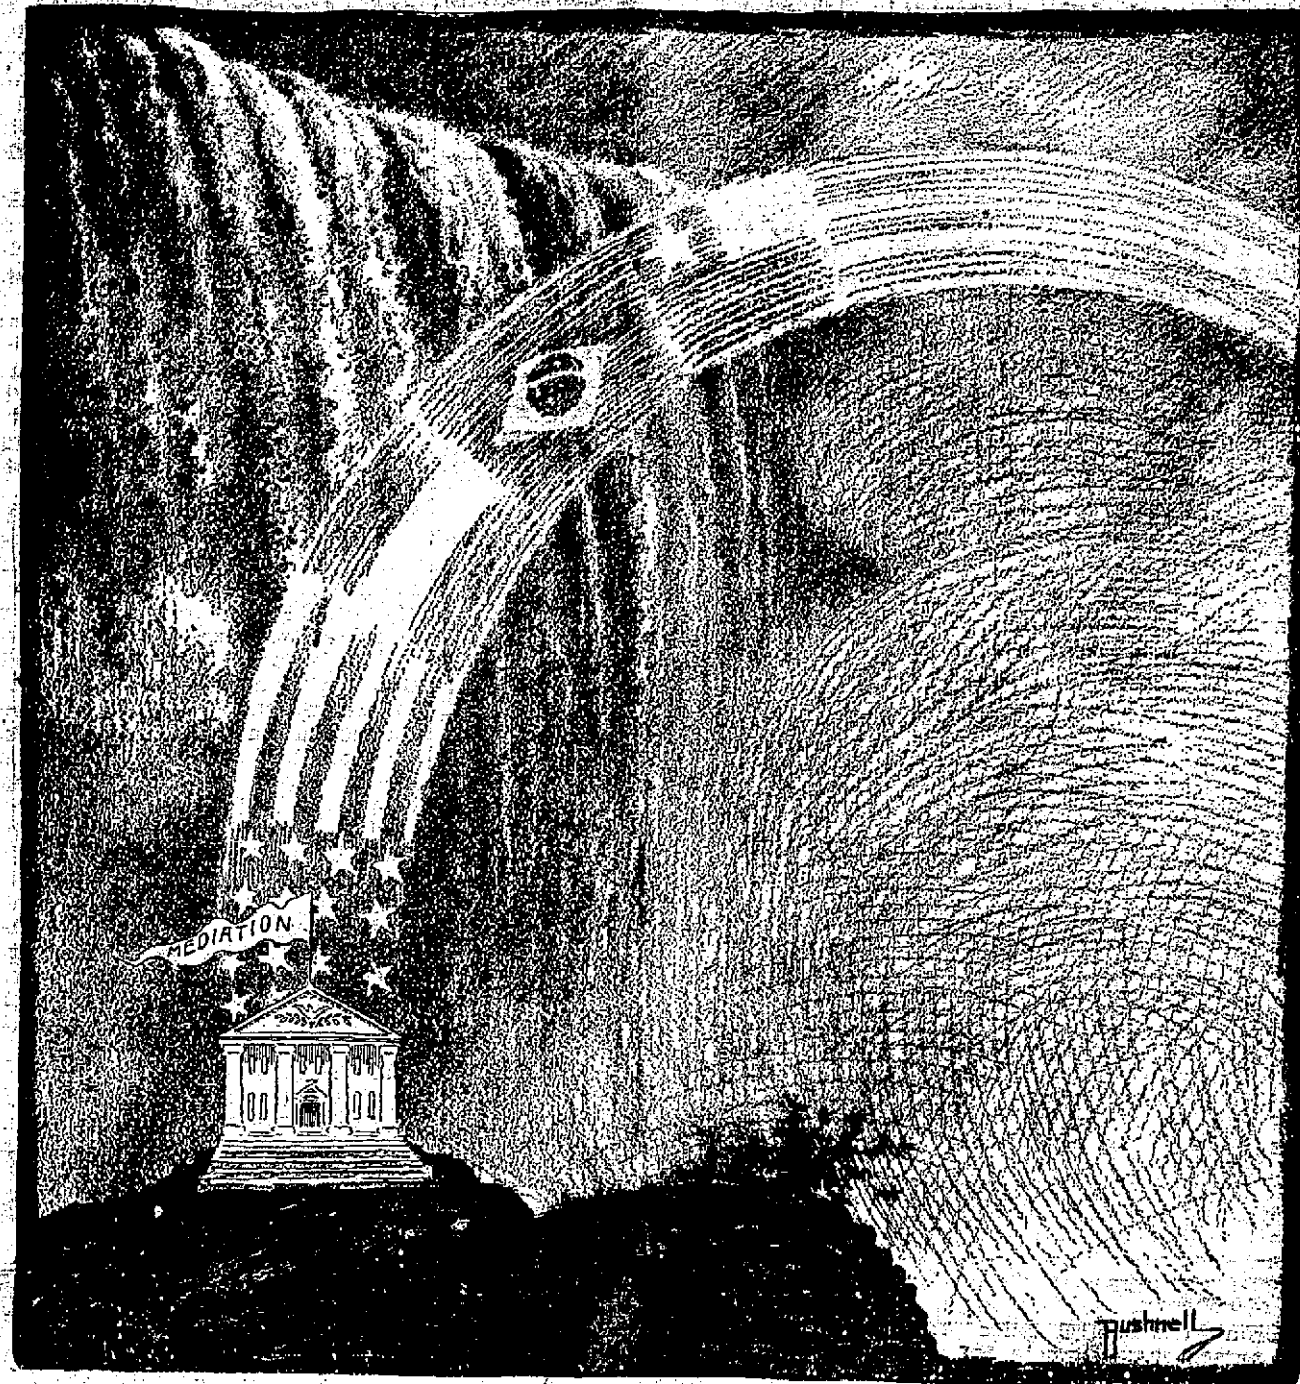

Associated Press Telegram. New York, May 14.—The board of education of Greater New York has decided to establish savings banks in the public schools of the city. "The board," said Vice President Greene in advocating this action at a meeting yesterday, "is not indifferent to the encouragement of thrift among the public school children. It wants to remove the inducements of extravagance and to take care of the pennies of the pupils until the savings have reached an amount that will enable them to open individual accounts with the banks. At present their few pennies do not enable them to do this."

NOW THEN LET'S FOLLOW SUIT

Associated Press Telegram. Ottawa, May 14.—The bill making tipping and the taking of tips an indictable offense has passed the senate committee of the whole, practically without opposition. The bill makes it an offense punishable by a fine of \$100 to give or take a tip and makes the employer equally liable to the fine.

Movements of Villa's Army For Campaign Against Saltillo Being Kept Profound Secret

Associated Press Telegram. Torreon, Mex., May 14.—The mobilization of rebel troops for the campaign against Saltillo came to a close last night, when the last unit left Torreon accompanied by General Villa and staff. The concentration has brought together an army of 25,000 men to test the strength of the federal stronghold. Villa has given instructions that the movements of his army be kept secret for the present. Instead of enforcing a rigid censorship, as formerly he has exacted a promise from

CONVICT WAS HANGING FROM A WINDOW SILL

When Officer Entered Room and Captured the Man Who Had Recently Escaped.

Associated Press Telegram. Columbus, May 14.—Hanging by his fingers from a window sill outside a second floor room in North Grant avenue early today, Charles Clark, aged 26, escaped Ohio penitentiary prisoner, hesitated a moment and was lost, for Officer Pinkerman had learned of his presence in the city and who thought Clark was taking too much time to open the door, burst into the room and grabbed Clark's wrists. Later Clark was identified by penitentiary officials and taken back to the prison.

With Charles Ehnerton, a five-year man for burglary from Cuyahoga county, Clark ran away from the state farm near Dayton just a week ago. Clark was serving four years for this county for robbery. Both were "honor" men and allowed to work on the farm with a gang.

Clark arrived in Columbus a day or two ago, and a man who knew of his presence tipped it off to Officer Pinkerman. Pinkerman knocked on the door and when it was not opened quickly enough drew a skeleton key, and entered. He at first thought the prisoner had evaded him, but a moment later saw the fingers clinging to the sill.

REQUISITION ISSUED.

Columbus, May 14.—Governor Cox today issued a requisition on the governor of Illinois for the delivery of Nick Densmore, wanted at Cleveland on a charge of shooting to wound, now under arrest at Chicago.

DIRECTORS MAY BE COMPELLED INTO HEARING

Of New Haven Railroad Affairs Before the Interstate Commerce Commission.

Associated Press Telegram. Washington, May 14.—Former President Charles S. Mellen, of the New York, New Haven and Hartford railroad today took the stand before the interstate commerce commission in its inquiry into its affairs. Counsel Folk called Mr. Mellen, despite the controversy between the commission and the department of justice, as to whether the inquiry should continue in view of the possibility of the testimony rendering witnesses immune from prosecution in the courts.

No determination has yet been reached as to action in the cases of William Rockefeller and George MacCulloch Miller, directors of the New Haven whose physicians have submitted to the commission certificates that they are unable physically to appear as witnesses in the inquiry. Their testimony may be considered by the commission to be essential to the purposes of the investigation. Is that event it may be deemed desirable to resort to drastic measures to compel them to appear.

HOSPITAL SHIP BRINGS 2 DEAD AND MANY HURT

Associated Press Telegram. New York, May 14.—The naval hospital ship Solace, which reached quar-

antine early this morning, docked at the Brooklyn navy yard today with 101 patients from Vera Cruz. The ship also brought the bodies of Henry Pulliam and Clarence R. Harshbarger, navy men, who died of wounds received in the occupation of the Mexican city.

There were on board the vessel 31 wounded; the remainder were suffering from diseases contracted in Mexico. Of the latter however, many were convalescent. They will be sent back to Mexico.

One man, Hunter Dobson, an ordinary seaman from the battleship Louisiana, died on the voyage up. He was wounded at Vera Cruz but succumbed only Sunday night last. Twenty-eight of the men were in such condition that stretchers were used in removing them from the hospital ship. Physicians said however, that they expected no more deaths.

ISSUES WARNING AGAINST USING SALICYLIC ACID

As a Food Preservative by Housewives on Account of Its Injurious Effects.

Associated Press Telegram. Washington, May 14.—Housewives are warned of the dangers to health of the use of certain powders and compounds in preserving fruits and vegetables, in a statement today by the department of agriculture. Its attention was recently directed to the fact that salicylic acid is being used as a preservative to a widespread extent, especially in rural communities. Enormous quantities of this preservative are being used in Virginia, North and South Carolina, Kentucky, Tennessee and Georgia, the department is advised. "Extensive use of salicylic acid in food," says the statement, "may be attended with very serious effects upon the health through derangement of the digestion."

THIEF STEALS RARE VIOLIN FROM WINDOW

Associated Press Telegram. Chicago, May 14.—An Amati violin, said to have been sold by the late Theodore Thomas to former Congressman Nicholas Longworth, of Cincinnati, was stolen early today from the show window of a Wabash avenue dealer in rare musical instruments. The thief, after smashing the plate glass window, used a long pole to reach the violin.

Mexican Ruler Hemmed In On the North By Rebels and Menaced By Forces Of Bandits From the South While American Warships Watch Both Coasts

SOLDIERS ESCAPE FROM TAMPICO ON GUNBOATS

Closing Scene in Mexican Internal Strife Will Soon be Enacted and Dictator's Control May End in Riot and Bloodshed—Villa's Guns Will Soon be Thundering in the Suburbs of the Capital—Foreign Diplomats Demand That Last Battle be Fought in the Open.

Associated Press Telegram. Washington, May 14.—Further confirmation of the fall of Tampico into the hands of the constitutionalists was received at the navy department today in a message from Admiral Mayo transmitted through Admiral Badger. This report says the Mexican federal gunboat at Vera Cruz still was up the river at the railway bridge.

Secretary Daniels has given Rear Admiral Mayo full power to send American warships up Panuco River to Tampico if in his judgment conditions should warrant such action.

Admiral Mayo further reported that the federal troops blew up their barracks before retreating from the city. Four o'clock yesterday afternoon, he said, the firing practically had ceased.

With the transfer of Tampico from Mexican federalists to the constitutionalists, President Wilson now feels it will be possible for the oil interests in the Tampico district to be protected. General Villa and General Carranza had given assurances that they would permit the conservation of oil in the Tampico district, and have notified the American government of their willingness to have expert civilians return to the fields and take charge of the flowing wells.

Associated Press Telegram. Vera Cruz, May 14.—Three Mexican gunboats crowded with federal soldiers who escaped from Tampico yesterday when the last stronghold of Provisional President Huerta on the eastern seaboard of Mexico was taken by the constitutionalist army, rode at anchor today under the protecting guns of Rear Admiral Mayo's squadron of American warships.

It is probable that among the federal officers on the Mexican warship is the commander whose refusal to comply with Rear Admiral Mayo's demand for a salute to the Stars and Stripes in preparation for an assault on the American flag precipitated the American occupation of the port of Vera Cruz.

With the fall of Tampico, the line of advance of the constitutionalist forces toward the south has been drawn from coast to coast and now embraces more than half the republic of Mexico.

Observers here express the opinion that the taking of Tampico by the constitutionalists forms one of the closing scenes of the dictatorship of General Victoriano Huerta. They believe that his downfall is a question only of weeks and perhaps only of days, while some are inclined to give the dictator only a few hours before his control of the federal capital ends in possible riot and bloodshed. Even if he maintains order in Mexico City they think that Francisco Villa's guns will soon be thundering in the suburbs of the capital and General Huerta fleeing with the remnants of his army to Puebla, there to make a last stand. The loss of Tampico adds a chapter to the tale of disaster to General Huerta's forces since Villa captured Juarez.

General Huerta is now hemmed in by the constitutionalists in the north while his most important seaport is in the hands of American troops and American warships are watching both coasts to see that no arms and ammunition may reach his harried forces.

Of all the important railroads in Mexico, only those running from the capital to Puerto Mexico, Salina Cruz and Manzanillo remain completely under federal control. Within sixty miles of Mexico City Emiliano Zapata and his lawless followers rule the entire state of Morelos. Farther south the brothers Figueroa and an army of bandits are running riot throughout the state of Guerrero.

Both these forces menace Huerta from the south. To the west of the capital the railroad to Manzanillo is open but American warships dominate the port while to the east of Mexico City Vera Cruz is cut off and with it the whole stretch of wild country northward to Tampico. According to the best information obtainable here, General Villa is besieging San Luis Potosi so that city has not already fallen into the hands of the constitutionalists.

The last American refugees who arrived here from San Luis Potosi left there with the sound of distant firing marking the end of twenty day truce which accompanied the constitutionalists' demand for the evacuation of the city. The federal commander General Joaquin Maas evidently had refused to offer to march out with his troops and had begun a hopeless battle against heavy odds.

Saltillo, Monterey, Victoria and Tampico are now in the possession of the constitutionalists and the whole of the surrounding territory has been swept clear of the federal troops.

The way is thus opened for the concentration of the constitutionalists from the eastern to the western coast for their final march from San Luis Potosi on to the capital, 250 miles to the south.

General Huerta therefore is fighting with his back to a wall that offers little defense for rumors are everywhere current that Zapata and possibly the Figueras with their followers will combine with the victorious constitutionalists and carry out an assault on Mexico City from the south and General Villa drives home his attack from the north.

The federal forces are being driven steadily to the south on to the capital and there the foreign diplomats already have demanded that the battle for the possession of the city be fought in the open and the capital not subjected to a bombardment.

General Huerta is reported to have agreed to this request but with the stipulation that he might wish to be involved in the scandal arising after Nye's indictment for

Purchasing Agent Admits Ohio Electric Did Not Wish To Be Involved In Scandal

Associated Press Telegram. Columbus, May 14.—Claude Burkmyer, of Cincinnati, purchasing agent for the Ohio Electric Railway company admitted today that he had cancelled contracts with Dr. George B. Nye, former representative from Pike county for railway ties, because the electric company did not wish to be involved in the scandal arising after Nye's indictment for bribery, when placed on the witness stand today in the trial of William Kirby of Toledo, former railroad commissioner, charged with bribing Nye.

Mr. Burkmyer first denied this was the cause of the cancellation of contracts, but under fire of questions from counsel for Kirby, he changed the substance of his testimony.

SPLENDID WORK OF DR. CHAMBERLAIN AT OLD DENISON

[Special to the Advocate]
Granville, May 14.—While a student at Denison University in the early '90s Dr. Clark Wells Chamberlain achieved a record as a good student and was at the same time extremely popular among his associates. He was especially interested in oratory and won several prizes testifying to his ability as a speaker.

During the last three years of his college career Dr. Chamberlain won the Lewis prize which is offered to the best speaker at commencement time. He also won the Samson Talbot Bible contest in his senior year. He represented Denison at the Ohio Intercollegiate Oratorical contest in 1894 and took first place in thought and composition, and second place in delivery. Dr. Chamberlain attended the Interstate oratorical contest at Indianapolis as an alternate.

Leaving Denison in 1894 after acquiring an A. B. degree, he pursued his studies further at the University of Chicago for the next three years. Finishing his course at Chicago he accepted a professorship of physics at Colby College and was offered the same department at Denison when Prof. A. D. Cole resigned to become a member of the Ohio State faculty.

It was during his stay at Denison that he made his wonderful discoveries in the physics laboratory. Being interested in research work involving the study of molecular attraction and as there was no measuring instrument with which he could complete his experiments he set himself to the task of inventing an instrument to suit his purpose. The result was the perfecting of an extremely delicate instrument which he named the Compound Interferometer. This instrument is very sensitive and can be used satisfactorily only under the most favorable conditions. To aid in the manufacture of the new invention Dr. Chamberlain secured the services of an expert from Germany, who busied himself under the instruction of Dr. Chamberlain for five years. When displayed at the Jamestown Exposition, a collection of these Interferometers won a medal of honor.

Vassar recognized the genius of the inventor in 1898 by offering him the chair of physics which was accepted. In addition to his routine duties as a professor at Vassar Dr. Chamberlain continued his work in the laboratory at Columbia University having received an Adams research fellowship at the New York institution. Columbia honored him in 1910 with the degree of Ph.D.

Religious and civic questions were interesting diversion for Denison's future president at Vassar. At the time of his departure last fall he occupied the presidency of the Church Federation and was also head of the University Club.

Dr. Chamberlain was honored further with invitations to the American Association for the advancement of science and the American Physical society which he accepted.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill. — "I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache,' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now." — Mrs. M. R. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.
Dayton, Ohio. — "Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition." — Mrs. J. W. SHERER, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

HIGH COST OF LIVING DOESN'T BOTHER CENSORS

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 14.—Dollar meals three times a day three dollars a day hotel rooms and taxicab transportation constitute expenses too high for members of the state board of film censors, according to the state industrial commission which today made public, orders to Harry E. Vestal of Ada, and Mrs. Maude Murray Miller of Coshocton, film censors, reprimanding them for turning in alleged excessive expense accounts.

While working in Cleveland Mr. Vestal and Mrs. Miller each spent an average of more than \$5 a day for hotel expenses and meals. Mary M. Barnhart, a stenographer, employed by the board of censors, is paid \$75 a month and salary, but turned in an expense account for about \$6 a day, which was approved by the board. Taxicab fare and chair car charges when traveling are frequent items of expenses as shown in accounts turned in by the censors. Mr. Vestal's ordinary meal account while working in Cleveland during April was as follows:

Breakfast, 40 cents; lunch \$1; dinner, \$1.25. One day he spent \$7.50. His room at a hotel cost \$3 a day. Mrs. Miller spent \$3 a day for hotel apartments and usually more than that for meals. A typical meal account is as follows: Breakfast, 95 cents; lunch, 95 cents; dinner, \$1.25.

"Your hotel and meal accounts are double that of any other employee of the department and are considered excessive," was the industrial commission's orders to Mr. Vestal and Mrs. Miller. The board of film censors is part of the industrial commission department. The censors are paid \$1,500 a year.

HOW TO SAVE YOUR EYES

Try This Free Prescription.

Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "windows" who might easily dispense with them. You may be one of these, and it is your duty to save your eyes before it is too late. The eyes are neglected more than any organ of the entire body. After you finish your day's work you sit down and rest your muscles, but how about your eyes? Do you rest them? You know, do not you read or do something else that keeps your eyes busy? You work your eyes until you go to bed, that is why so many have strained eyes and finally other eye troubles that threaten partial or total blindness. Eyeglasses are merely crutches. They never cure. This free prescription, which has benefited the eyes of so many, may work equal wonders for you. Use it a short time. Would you like your eye troubles to disappear as if by magic? Try this prescription. Go to a wide-awake drug store and get a bottle of Optona tablets; fill a two-ounce bottle with warm water, drop in one tablet and let it thoroughly dissolve. With this liquid aise the eyes two to four times daily. Just note how quickly your eyes clear up and how soon the inflammation will disappear. Don't be afraid to use it; it is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in time. This is simple treatment, but marvellously effective in multitudes of cases. Now that you have been warned don't delay a day, but do what you can to save your eyes and you are likely to thank us as long as you live for publishing this prescription. Advertisement

SUGGESTIONS TO FARMERS

Why not give the old farm home a name? Why not every farmer have a printed letter head and envelope for use in his correspondence? Costs little.

Paint will make any building appear twice as beautiful. Try it. Clean Up Day in the country is as badly needed as it is in town.

What is the name and address of the person who will keep the nearest lawn in front of the home this summer?

A silo on the farm, properly used, will pay twenty per cent. profit each year, on its cost.

How many township trustees actually take pride in doing their duty toward the public road? Ohio has been losing its farm orchards at the rate of 1,000 acres a year for twenty years. Prune and spray is the recipe.

One ounce added to the weight of each ear of corn grown in the United States would fill a line of wagon beds, forty bushels to each load, reaching once around the world. The corn boys are doing the trick.

Why not improve the appearance of the grounds around the church and school house this summer. Some of them are eye-sores now.

Ohio newspapers are giving more encouragement to farmer boys than many farmer fathers are giving. A county experiment farm, properly managed, will prove a blessing and a big profit to any county that secures one. Licking county ought to have one.

The boy who grows the most corn on one acre of dirt, in each county of the state, will get a free scholarship to the College of Agriculture, Columbus, good for three years. Cash value \$60. This is in addition to the trip to Washington.

A keen student of human nature and business affairs was recently riding on a train across Ohio. Out of the car window he saw a well kept country home. Good buildings, well painted, neatly and conveniently arranged. Shrubbery, flowers and shade. "I will bet a red apple that the owner of that home votes before dinner on election day."

Ohio's loss from lack of good drainage amounts to several million dollars a year. A tile ditch will pay a bigger rate of interest on money than any bank will pay. Ask the bank.

A crown on Ohio's roads will do the Buckeye State more good than any crown on any king any where. Keep water off the road and it will be fit to travel.

Why not get a photograph of your farm home, and let the home newspaperman print it on letter heads for your own use? The cost is small, but it looks like the farmer was a business man.

And when again I was on deck, I went to Jimpson's shack, and found that he was but a wreck since I had sprained his back. And there we vowed such things should cease, no more we'd scrap, by jings; we'd give the white winged dove of peace a chance to wave its wings. And now we love each other well, and mind the golden rule; I borrow water from his well, he rides my saddle mule; and every time we have a chance we do a kindly deed, and all day long we sing and dance, like Gabys gone to seed.

Child Cross? Feverish? Sick? A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. ALL WRONG

The Mistake Is Made by Many Newark Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys, you must get the kidneys working right.

A Newark resident tells you how. Andrew J. Powell, machinist, 41 Union street, Newark, Ohio, says: "I had rheumatic pains in the small of my back and my kidneys acted irregularly, especially at night. I couldn't sleep well and often had to get up as many as fifteen times. The kidney secretions were unnatural, and I felt badly in every way. I used different medicines, but nothing helped me until I tried Doan's Kidney Pills, procured from A. P. Grayton & Co.'s Drug Store. After I had taken four boxes, I felt better. My kidneys were strengthened and I didn't have to get up at night. The pains also left."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Powell had. Foster-McMillan Co., Props., Buffalo, N. Y. 48

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any place about four ounces of Epsom Salts, take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Epsom Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Agent, Hall's Drug Store.

NEWARK FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, is the best we ever sold. Newark folks astonish us daily by telling how QUICKLY Adler-I-ka relieves sour stomach, gas on the stomach and constipation. Many report that a SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Newark agents for Adler-I-ka. R. F. Collins, druggist, 27 Hudson avenue.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, May 14.—[Special.]—It is hard to improve conditions such as now exist in Mexico. For more than two years Mexico has been going from bad to worse and apparently every effort to bring order out of the chaotic conditions has failed. Some of the steps taken have been productive of greater evils than previously existed, making the task of pacificators and mediators extremely difficult.

In this respect the situation is akin to that which prevailed in Cuba before the war with Spain. For years the conditions in Cuba grew worse, and all efforts to have Spain pacify the island or restore peace and tranquillity proved absolute failures. Two administrations endeavored to settle the Cuban question which was finally left to the arbitration of armies. Two administrations have tried to settle the Mexican question and yet the conditions are growing worse day by day.

Near Intervention. I have always believed that some time intervention in Mexican affairs would be as necessary as was intervention in Cuban affairs. With so many American citizens living in Mexico, with so much American money invested, with so many foreigners with their investments in that country, it seems to be necessary for some country to establish a stable government, and the United States is that country. It is one of those peculiar conditions where nobody really wants intervention and yet it seems to be inevitable in spite of the desire of the people to keep out.

International Law School. The senate of the United States has become an international law school while the discussion of the Panama canal tolls has been going on. Not only have the senators been instructing or informing each other, but they have been delivering speeches which will be referred to hereafter when international complications are considered.

Such discussions always follow when a dispute arises over the construction of a treaty. And it seems that it has been the aim of treaty makers to make them so obscure that they will give rise to just such a complication as we are having over the Hay-Pauncefote treaty on the canal tolls. The only advantage the country gets out of it is this school of international law which the senate is now conducting.

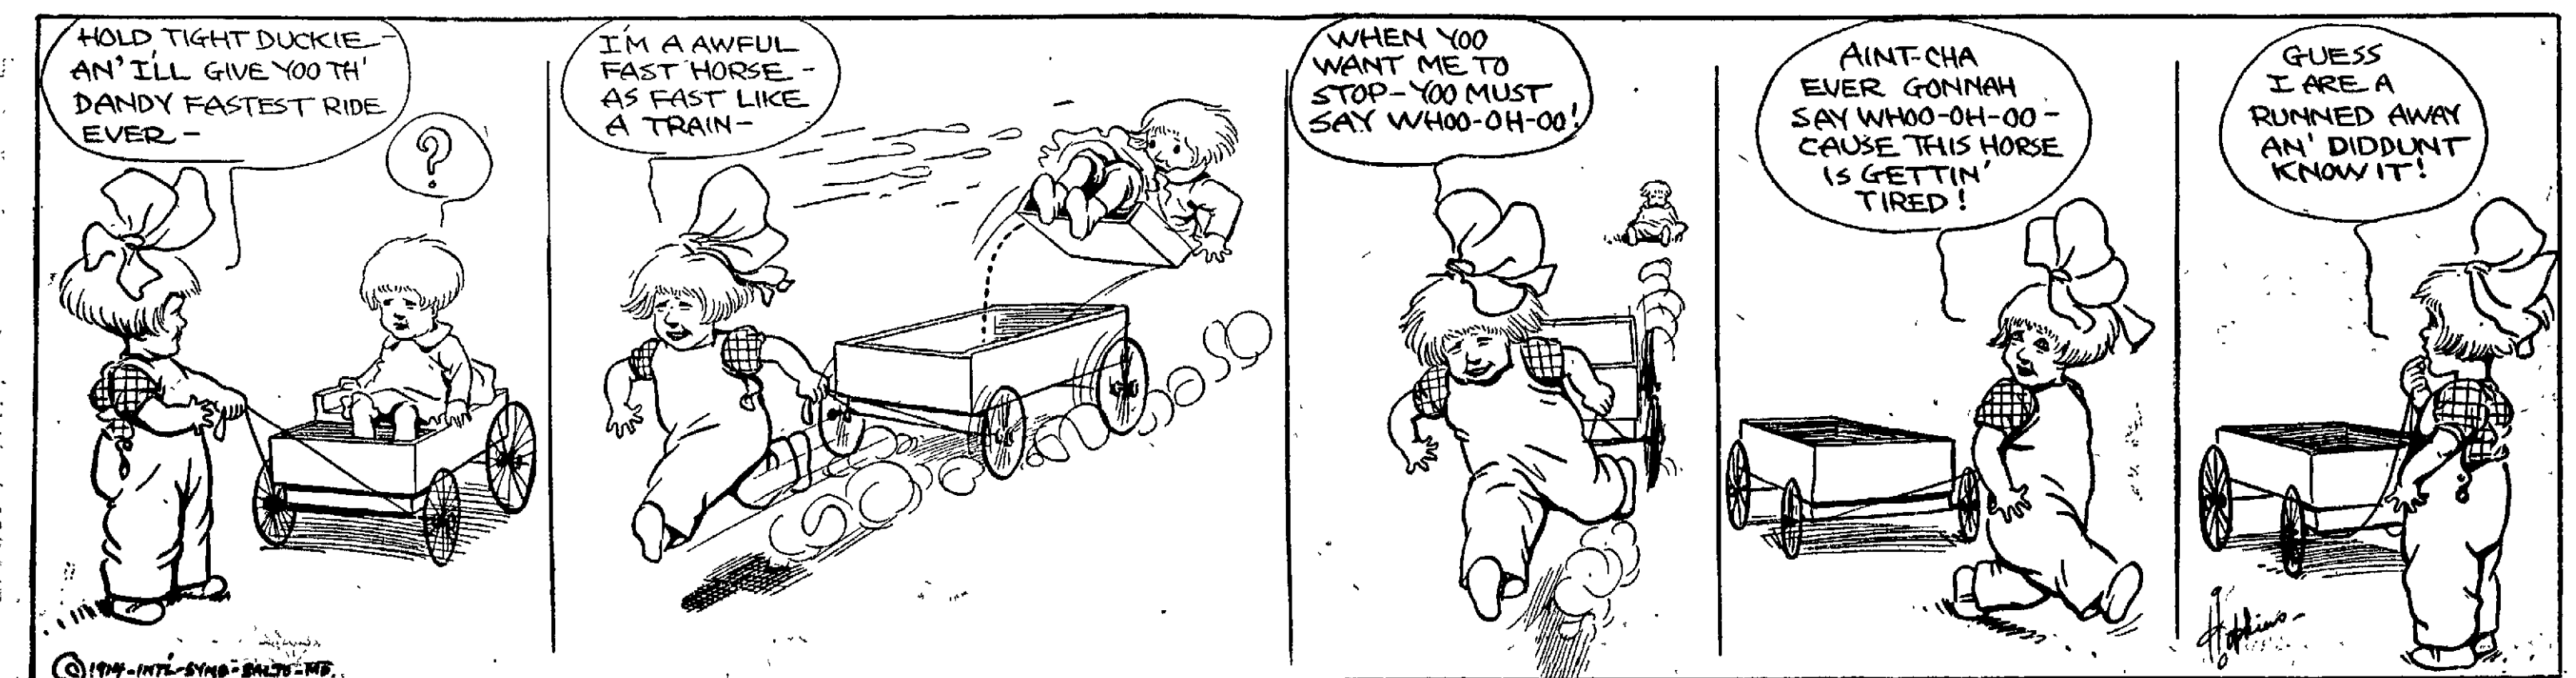

Keep at It Long Enough. It seems to be generally understood that if claimants will keep at it long enough they will finally get favorable action by congress. For nearly fifty years there has been pending in congress a proposition to restore the annuities to certain bands of Sioux Indians, which were cut off when the Indians went on the war path in western Minnesota in 1862. The bill has finally got to the point where it has passed the house, and in all probability it will pass the senate this session. It has been turned down right along up to this time, but it now looks as if these Indians would secure a large sum of money.

Information Wanted. Congressman Barton of Nebraska wants information. He insists upon knowing what has become of the Hensley resolution—that measure which passed congress in such a rush and with a few dissenting votes and proposed that this government should assist in a "naval holiday." It was Winston Churchill of England who jokingly suggested the "naval holiday," but the American congress did not take it as a joke. Barton does not intend that the resolution shall be pigeonholed forever if he can help it.

POLITICAL ANNOUNCEMENT. I have stood by President Wilson on all administration measures and invite you to investigate my record. If it meets your approval I will appreciate both your influence and vote for Representative in Congress for the 17th District on the Democratic ticket at the primary August 11th. My plurality in the old 17th District in 1906, was 485; in 1908, 7173; in 1910, 10934 and in 1912, 19,752.

The next meeting will be held at the home of Mrs. Guy Leutz, 17 Curtis avenue.

ROBISON-CONLEY.
At 9 o'clock Thursday morning a pretty wedding took place at the parsonage of the Church of the Blessed Sacrament when Miss May Conley and Mr. Homer Robison plighted their troth.

Rev. Father Watterson, pastor of the church, read the wedding service. The bride was attended by her sister, Miss Helen Conley, while the best man was Mr. Ernest Oberfield. The bride wore a traveling suit of blue, with hat of the same shade. The bride's maid wore a tailored suit of Watteau blue.

Following the ceremony a wedding breakfast was served at the bride's home in Eastern avenue to the immediate families and Mr. and Mrs. Robison left for a trip east. On their return they will be at home in Boylston avenue. The groom is employed at the Rosstein grocery, while the bride is a graduate of the Blessed Sacrament High school and has been bookkeeper at the Parish company.

The Wednesday Afternoon Bridge club members were entertained in a charming way on the club day of this week at the home of Mrs. Joseph Bader in North Sixth street. The awards for the game were made to Mrs. Edward J. Morath and Mrs. Jos. Bader. The guests of the club were Mrs. J. G. Shirer and Mrs. George Tabler.

Mrs. E. V. Prior is hostess to the members of her sewing club this afternoon. Mrs. Prior is entertaining at her home in West Locust street.

A delightful juvenile party was given by Mrs. Frank Neighbor on Wednesday afternoon, when she entertained very informally six little girls, out of compliment to the seventh anniversary of her daughter, Mary Neighbor. The hours were spent in children's games and a dainty luncheon was served.

The members of the Tuesday Afternoon Bridge club were delightfully entertained at the home of Mrs. Leo Davis in Buena Vista street on the club day of this week. The conclusion of the game found the fortunate contestants to be Mrs. S. P. Kline and Mrs. William Fitzgibbon, while the guests' souvenir was awarded to Mrs. Ralph Davis. The guests of the club were Mrs. Ralph Davis, Mrs. Harry Starr, Mrs. Joseph Reuz, and Miss Kate Weisgerber.

Mrs. T. J. Egan will entertain the members of the Wednesday Evening Euchre club at her home in Buckingham street this evening.

SMITH-MCCANN.
The wedding of Miss Edna G. McCann, daughter of Mr. A. B. McCann of Clinton street, and Mr. Edward A. Smith of Hanover was solemnized on Thursday morning at 10:30 o'clock by Rev. W. D. Ward, pastor of the Central Church of Christ at his home in West Locust street. The bride was attended by Miss Florence Palmer, while the groom's best man was Mr. Arthur Keyes.

Mr. and Mrs. Smith will reside for the present with the bride's father in Clinton street. Mr. Smith is employed in the Hanover brick yard.

The Royal Sewing circle was entertained by four of its members at the home of Mrs. James Johnston, in Kilmer avenue, Wednesday. The time was spent in sewing followed by dainty refreshments.

NAME DEPOTS FROM WHICH TO SHIP SUPPLIES

(Associated Press Telegram)
New York, May 14.—It is the intention of the government to make New York and Boston the two depots from which supplies will be shipped to Galveston or to Mexico for use of the army. In case more soldiers are needed they will be taken by railroad to Galveston and from there carried to Vera Cruz or other points in Mexico. There are in reserve here 20,000,000 rounds of ammunition. Most of this ammunition will be taken to Galveston where it will be ready for emergencies.

The quartermaster's barges were employed yesterday in transferring ammunition and supplies from Governor's Island to the three transports, the Minnesota, the Panama, and the City of Memphis, loading in South Brooklyn.

Most of the supplies will be taken to Galveston in the Minnesota and the Panama. The Minnesota is to sail on Friday.

HOUSE CUTS DOWN APPROPRIATION FOR REVENUE CUTTERS

(Associated Press Telegram)
Washington, May 14.—The revenue cutter service will get only two new cutters instead of the four it wants if the senate concurs in house amendments to a senate bill striking out provisions for a \$100,000 cutter in New York harbor and a \$350,000 cutter for southern California. The bill as it stands leaves provision for a \$250,000 cutter in the Gulf of Mexico, and a \$225,000 cutter on the Maine coast, and these, together with the cutters already in service, would hereafter be used to extend medical aid to the crews of American vessels engaged in deep sea fisheries in the discretion of the treasury department. Representative Adamson of Georgia, in urging action told the house that twenty-nine out of the thirty-seven cutters now in use are almost worthless through antiquity and decay.

HUNDREDS GIVE UP ARMS IN THE STRIKE DISTRICT

(Associated Press Telegram)
Trinidad, Colo., May 14.—The proclamation of disarmament issued by Col. James Lockett by authority of the war department which went into effect yesterday dominated the strike districts of Las Animas and Huerfano counties today. The effect of the proclamation was evidenced late yesterday when hundreds of weapons of all descriptions were added to nearly 8,000 pieces previously surrendered.

The proclamation limits the United States officers and soldiers to the search of "suspected" persons. Whether Col. Lockett will request authority from Washington to extend the scope of the proclamation to include the search of dwellings, tents and abodes for weapons likely will be determined by developments.

GIRL MISSIONARY REFUSES TO LEAVE INDUSTRIAL SCHOOL

(Associated Press Telegram)
New York, May 14.—Miss Laura Temple a missionary of the Methodist church in Mexico, who has refused to leave her post in an industrial school near Mexico City given as her reasons for wishing to remain that the school property would be looted should the news of her departure reach bandits in the vicinity.

In a letter to the foreign mission department of the church received here yesterday Miss Temple wrote that so long as she remained at the school the native employees would continue to cultivate the fields and under her leadership protect the property, but would become panic stricken and flee if she departed.

Miss Temple has been in Mexico for several years. She was born in Hazen, Pa., and her parents now live at Allen's Hill, Pa.

St. Paul's Oratorio Opening Number Of May Festival

(Special to the Advocate)
Granville, May 14.—St. Paul's oratorio will be given as the conclusion of the inauguration ceremonies and as the opening number of the May festival which will be given under the auspices of Denison University, May 20 and 21. Many excellent soloists have been engaged to participate, among whom is Miss Zoe Fulton of Newark.

A well trained chorus of two hundred will support the solo work of four well known artists, who have previously been heard by Granville and Newark audiences. Those who will assume the leading roles are: Miss Zoe Fulton, soprano; Walter Ernest tenor, of Pittsburgh; Millicent Brennan of Toronto, Can.; Ellis Legion of Dayton.

The first concert will be given in the Baptist church at 7:30 o'clock Wednesday evening. On Thursday afternoon an opportunity will be afforded to hear Prof. K. H. Eschman of the Denison Conservatory of Music perform on the piano in the Baptist church at 3:45 o'clock. In the evening the soloists will give a recital program in the church.

Mrs. O. C. Yeomans, of Pataskala, who has just returned home after spending the winter in California, is the guest of friends in Newark today.

Madame Is'bell's Beauty Lesson

LESSON XI—PART IX. PHYSICAL CULTURE.

ANSWERS TO CORRESPONDENTS.

MAEEL—A wash cloth of Turkish toweling is too rough for any skin and on a delicate skin will have a disastrous effect. Use a square of soft linen and pass it through boiling water daily. Solved soap-caked wash cloths are great pimple breeders. Never lose sight of the fact that the skin of the face is more delicate than that of any other part of the body, and that, at the same time, it is exposed to every change of temperature as well as dirt and dust. Be careful to use always pure soap and rinse it well off the skin. If the skin is inclined to be dry and rough, or to inflame easily, dispense with soap entirely and cleanse the skin with a good cleansing cream or cold cream.

L. A. L. writes me that her eyebrows are both thin and pale in color and asks me to advise her as to how to grow them. Use a pure vasoline night and morning and brush them with an eyebrow brush. If you cannot obtain this, ask your druggist for a baby's tooth brush.

GRACE P.—There are many causes for pimples. Dried soap left on the face will clog a sebaceous gland and finally so irritate it that a pimple is the result. Indigestion, which inflames the blood or impedes its even circulation, will cause red pimples. For the hard, red swellings or complaint of, paint them with colorless iodine as soon as they appear. This will generally remove the irritation and they will subside, but remember never to touch iodine to broken skin.

In Madame Is'bell's next lesson to appear in these columns you will continue the subject of Physical Culture, taking up different exercises to strengthen and improve the figure.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

The Bears of Marriage.

"I suppose you are making room in your new house for the two bears of marriage," observed the Old Maid, glancing at the ring upon the Engaged Girl's finger. "Give them plenty of room, too," she scoffed, "they usually require nearly the whole house."

"I suppose you mean bear and forbear," smiled the Engaged Girl. "You know marriage isn't run on the lines it used to be."

"Probably not, judging by the divorce rate. But I guess if there isn't to be a divorce, the old-time standards will have to be adhered to. The only way to get along with a man in peace is to give in to him."

"That only fosters whatever fault you may be yielding to," said the Engaged Girl. "I do not think the modern man, if he has a spark of self-respect, wants his home-life built on that basis."

"Don't fool yourself in that fashion," scoffed the Old Maid. "A man, modern or old-fashioned, wants his own way, first, last and all the time. And the only way to get along peacefully is to give in to him. If you don't, there'll be a scene. And believe me, a man's temper isn't a pleasant thing to arouse."

"But it is better to arouse it, if necessary, and then quench it once and for all, than to suffer continual injustice," said the Engaged Girl.

"That sounds very well," sniffed the Old Maid. "But you won't find a man's temper so easy to overcome as you think."

"It's easier to overcome right at the start than to let it grow and grow and then, when it becomes absolutely unendurable, to try to check it. A woman's self-respect demands she shouldn't give in when she is in the right, and when these points of difference come up, the earlier they are taken in hand and adjusted the better. The old idea of bearing and forbearing and letting the evils grow doesn't appeal to the modern woman. She's independent."

"I don't believe it appealed to the woman of the past, either," observed the Old Maid. "But she saw it was the only solution of many difficulties and so shouldered her burden."

"But it wasn't the wisest solution. She encouraged weakness in her husband and endured unnecessary suffering herself. Any sort of manly man, if appealed to in the right way, would, I think, see the right and wrong of the question and yield, if he saw he were in the wrong. And especially would he, I think, right at the beginning of married life, before he has grown accustomed to having everything his own way."

"Well, try it," cynically rejoined the Old Maid.

"I intend to," smiled the Engaged Girl. "I don't mean to quarrel or be disagreeable, but I do not intend to bear things that should not be borne simply for the sake of peace. I would really be doing Charles an injustice and aiding and abetting him in the development of undesirable traits of character. And when we differ on some point, I think he cares enough for me to see my side of the case as well as his own, and if I am in the right to admit it. And he is more likely to," she concluded calmly, "early in the game than later."

Contest Is Still Open

Contest coupons may be obtained up to 6 p. m., May 18. Solutions may be submitted from May 19 to 30. Each contestant may submit not less than 70 nor more than 350 coupons. All coupons must be filled according to the rules and each set of solutions must be accompanied by a large sheet containing the answers that are written upon the coupons. The Advocate recently contained one of these blank sheets. Another will appear before the contest closes. The Advocate has tried to answer every fair question that has been asked. If any contestant has failed to see his question answered, ask it again.

The Advocate is asked several times every day whether the contestant who submits 70 coupons will have as good a chance as one who submits a larger number. If one submits 70 coupons and gets every answer correct, nobody can beat him—unless another person with 70 correct out of 70 coupons has a more neatly prepared list of answers. It should be understood that each contestant is allowed to submit from one to five answers for each picture, not more than 5. If one taking advantage of this fact, submits 350 coupons and gets the right answer to all 70 pictures, he or she will rank higher than one who submits 70 coupons and gets 69 right. It should also be remembered that the first prize is given to the one who gets the greatest number of correct answers in the fewest number of coupons.

It stands to reason to believe that with 5 chances one has a better opportunity to get the right answer than with only one chance. Several people are now starting in the contest. They have until next Monday to obtain coupons and until May 30 to send their solutions. There are 136 prizes worth \$3,846.

More than one person in a family may send in solutions but no one person is allowed to send in more than one set of answers. The Query column appears on page 2.

NATIONAL NEWSPAPER CONFERENCE

(ASSOCIATED PRESS TELEGRAM)

Lawrence, Kas., May 14.—The honest newspaper men of the country are in danger from the reckless editors and reporters who habitually distort the truth, Isaac D. White of the New York World told the editors at the National Newspaper Conference at the University of Kansas today. Mr. White discussed the legal restraint that is being proposed in several states.

"When the well seasoned journalist hears of some new law designed to affect the newspaper," declared Mr. White, "he is quite certain to resent the idea without stopping to consider whether it is good, bad or indifferent. We seldom seriously consider the other side of the proposition—that a lawless and licentious press might prove worse for all concerned and particularly for us as journalists than no press at all."

"When we dissect and analyze freedom of the press and look up its pedigree and see it tried out in the courts we discover that after all it has very well defined limitation like all liberties must have under a popular government. 'Freedom of the press is freedom to do what the law permits. The four words 'accuracy and fair play' sum up the law of journalism, just as the golden rule embodies the ten commandments."

"A few years ago the New York police commissioners threatened to take away the patrolmen's night sticks because abuse of the weapon had grown up among a few of the men. They were the 'clubbers' the ugly, heartless, cowardly bullies who were wont to prod reputable citizens. 'The press is out of tune with public opinion because of too much freedom with the 'night stick.' We have not always resisted temptation to publish truths that hurt innocent persons without accomplishing any justifiable end. We have not always been fair in our criticisms or taken pains to restore our errors by admitting our errors and correcting them."

"What can we do to save the situation. We should let our readers know we want to be accurate. Invite them to point out errors. Correct them. Notify all news sources to make special effort in the direction of accuracy and fair play. Hit the 'clubbers' with your editorial hammer."

Frank Leroy Blanchard of New York City, editor of the Editor and Publisher, discussing "community service" urged his hearers to "make good in their opportunity of serving their community."

New York Stock.
(ASSOCIATED PRESS TELEGRAM)
New York, May 14.—A vigorous buying movement aroused the stock market at the outset today from the apathetic condition of the last few sessions. In an effort to break the deadlock, from traders took large blocks of the leading stocks. Reading and Steel in particular were bought heavily. These tactics were effective in raising prices all through the list, with several gains of a point or so in the first few minutes. The fall of Tampico, presumably removing the oil properties there from the fighting zone, caused a jump of three points in Mexican petroleum, which has large interests in that city.

Cleveland Live Stock.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 14.—Cattle—receipts 100; market strong. Prices unchanged. Calves—receipts 200; market steady. Good to choice veal calves 10.00 to 10.50; fair to good 9.00 to 9.50. Sheep and lambs—receipts 1200; market steady. Good to choice spring lambs 8.00 to 8.25; others unchanged. Hogs—receipts 2,000; market strong. Yorkers, light Yorkers, mixed, mediums, pigs 8.60; heavies 8.50; roughs 7.50; stags 6.75.

Chicago Grain and Provisions.
(ASSOCIATED PRESS TELEGRAM)
Chicago, May 14.—Opinions from a high authority that Mexican fly is no more prevalent now than is the case every year tended today to make the wheat market ease off. At Carrollton, Missouri, where damage reports have been persistent, it was said today that in only two fields out of twenty is there any trace of fly, and in these two are

not serious. Prices opened unchanged to 1-4 lower, and declined moderately all around before there was a reaction.

Beardish cables and due weather carried down corn. Larger shipments from Argentina in this week were predicted. Quotations started 1-8 to 1-4 lower and sagged a trifle more, but then began to recover.

Oats held steady. There were rumors that some Canadian shipments were being bought back by the sellers.

Packers appeared to have taken the bull side in the provision market. Sc higher, and additional gains for first transactions were ashade to lowed.

Cincinnati Live Stock.

Circuit Court

HEARS ARGUMENTS

IN GAS RATE CASE

County Prosecutor J. Howard Jones won a victory in his quo-warranto proceeding against the Newark Natural Gas & Fuel company, the Union Gas corporation of Pittsburgh and the Logan Natural Gas & Fuel company, Thursday morning when Circuit Court of Appeals announced that a master commissioner will be appointed in the case after June 1, which is the date set for the Union Gas corporation to file its pleadings.

An effort was to have been made Wednesday to have a master commissioner appointed, but former Judge Douglas, chief counsel for the gas company, declined to agree to it on the grounds that the Union Gas corporation had not had service on the arrangement. Since the latter is a foreign corporation it would have to be represented in the state, and it so happened that Prosecutor Jones discovered one of the Pittsburgh company's counsel in the court room, and he was asked to accept service on behalf of the Union corporation. This he contended he had no authority to do, whereupon the court asked that counsel request that authority from the corporation after which it would be allowed until June 1 to file pleadings. This the attorney for the Pittsburgh concern agreed to do.

Thursday the Appellate court was engaged in hearing arguments of the rate case of the city of Newark vs. the Newark Natural Gas & Fuel Co.

VANDALS RAID

FLOWER BEDS

IN MAPLE AVE.

Residents of Maple avenue have filed complaint that their flower beds have been raided by vandals and geraniums and other flowers stolen. The residents of that vicinity are endeavoring to beautify their lawns by use of flowers and decorative plants and the action of the miscreants is discouraging to the gardeners. Police officials will be asked to investigate.

STEVENS HELD; GIRL SENT TO THE JUVENILE COURT

W. H. Stevens, claiming to have a contract at Buckeye Lake, was arrested Thursday morning by Newark police when he was found in company with a Springfield young man and a girl, who is said to come from that city. The two men were lodged at the city prison slated "investigation," while the girl was turned over to Mrs. Mary Miller, juvenile officer. Stevens is said to have also obtained goods here a few days ago, presenting a check on a bank in which he had no balance.

Yesterday Today and Tomorrow

About three and a half years ago the McClain Store was for the first time thrown open to the public. During the time that has passed great changes have taken place in the store until now one would scarcely recognize it as the same. Experience has shown that in a store as in a person, there must be an ideal for which to work.

It is the ideal of this institution to be something more than a store with a greedy desire for dollars and an unmistakable lack of warmheartedness and willingness to please. This is a public servant, wide awake, modern and humanized—not just eager to sell, but to serve.

We have made mistakes and owe much to the tolerance of our patrons—we pay this debt by a stronger effort to anticipate their desire more surely, to be more and more worthy of their confidence. With their help we look forward to a bigger and better growth through the years to come.

REINDEERS IN CHARGE OF THE UNITED SHOWS

Committees to direct the big carnival program next week, were appointed Wednesday night in the meeting of the Reindeer lodge, and final plans not completed were assigned to the various committees in charge with authority to push arrangements through in readiness for arrival of the Mack United Shows Sunday.

Frank N. Wilson, chairman of the trustees of Newark lodge, was made general executive chairman. Associated with him on the executive committee are Eugene Wallace, also a trustee, and Charles Henry. The financial committee, which will work in conjunction with the executive committee consists of H. D. Hale, chairman; D. W. Murphy and H. C. Serodino.

Will Downey was made chairman of the grounds committee, and Henry Schmidt, supervisor of grounds. Other members of the grounds committee are: C. W. Thompson, Frank Linskey, G. E. Mape, A. G. Teagarden. "Cotton" Miller, Elmer O'Dowd, Tom Graves, William E. Ballinger, Gene Seiden-spinner, James Stone, David Buck, James Stewart, Mac Mossman, Charles E. Walton, Clarence Thompson, Allen Boring, Charles Tyrer, Emil Kohn, Robert Graves, Ollie Barons and Gene Schlegel. The grounds committee will meet in the lodge quarters Friday night. The big shows will arrive here from Columbus probably about noon Sunday, or a little later, and will be transported to the Jefferson street grounds, near the intersection of Main and Eleventh streets.

Free sacred band concerts will be given Sunday night on the public square and possibly Sunday afternoon. If weather is good it is

hoped to have the big show running full blast Monday night. Arrangements will be made whereby an ample force of regular police patrolmen and plain clothes men will mingle with the crowd to preserve good order, and these will be reinforced by the exhibition management's own officers, so there will be no occasion for fear of any disorder.

MARS TO MEET KAUFFMAN AT COLUMBUS, O.

Columbus, May 14.—The twelve-round bout here next Monday evening between Knockout Mars of Cincinnati, and Benny Kauffman, of Philadelphia, promises to be one of the most sensational bouts ever held in Ohio and is already attracting more attention than any ring battle ever staged here. Arrangements are already under way to match the winner with Champion Johnny Kilbane on July 4.

Mars is the most talked-of featherweight in the business. Leaving Columbus a little more than a year ago because he was unable to get even preliminary bouts here, he went to Cincinnati, where he has defeated every boy he has met with the single exception of Kilbane. Mars led Kilbane for five rounds, once flooring Kilbane, then grew careless and was defeated in the seventh. Among Mars' victims were Patents Scheiber, who had won fifty-one straight battles before meeting Mars, Gene Delmont, who has a draw with Kilbane, Benny McGovern, Patsey Brannigan, Young Goldie, Harry Tracey, and almost a score of others. Kauffman also has a flattering record. He has a draw with Kilbane, another with Charley White, the Chicago battler, has fought on the coast and in Europe and has now won fourteen straight battles. The bout will be held out of doors. The Goodale Airplane at Goodale and Park streets has been leased and accommodations have been made for a seating capacity of 5000 persons. Rain checks will be issued and in case of rain the battle will be postponed for one night. Mail orders will be received by the Capital A. C., 5 1/2 South High street, Columbus. Prices are \$1 and \$1.50.

A couple of drinks will make a fellow feel like a bird, much more than being tarred and feathered. Few people in the world are so aggravating as those who have heard your pet story before. It doesn't take an oarsman to have a stroke of luck.

\$10 TROUSERS FINE PRIZE IN CONTEST

Now, Mr. Man, how would you like this prize—a pair of \$10.00 trousers made to order at W. C. Christian & Sons? The Advocate has purchased of W. C. Christian & Sons, the well known custom tailors at 3 South Third street, a pair of \$10 trousers to be made to order, and you can have your choice of any goods in the house. An elegant line of patterns is in and the selecting from these choice wools will be a pleasure. Attention to all the details that go to produce first class workmanship.

honorably dealing with their patrons, is the reason for the success of this firm. W. C. Christian, senior member of the firm, has been identified with the tailoring trade since 1861, and the present firm of W. C. Christian & Sons has been in business since the year 1887, making it the oldest firm without change of partners in the city.

Fred Christian, junior member, has taken a course of designing and cutting, under instructions of one of the best custom tailor cutters in the city of Columbus, and has marked

success in modern, tailor fitting of garments. Every member is a practical journeyman tailor, and both Frank and Fred Christian carry union cards in the Journeyman Tailors Union of America.

It's not too late to enter the Book-lovers contest. You can secure the coupons and catalogue any time up to 6 p. m., May 18, and have until from May 19 to May 30 to turn in your solutions.

INITIATION, BANQUET AND INSPECTION

OF LICKING COMPANY UNIFORM RANK KNIGHTS OF PYTHIAS WEDNESDAY NIGHT.

Regimental Officers and Commands From Columbus and Mt. Vernon Were Present.

An event of more than passing interest, and of vast importance to the interests of uniformed Pythianism in the City of Newark, was held Wednesday night, under the auspices of Licking company 121 of this city, commanded by Captain Eugene Wolinski.

This company, which was in years gone by, one of the strongest in the state, had for some time dwindled in membership and interest, until several months ago the company could have mustered not more than a probable dozen men. Captain Wolinski with characteristic energy determined to revive the interest and recruit the membership to something like creditable numbers, and his work was crowned with success Wednesday night, when fifty-five new men were initiated and became members of the company.

Captain Wolinski received the highest congratulations from the regimental officers present, who appreciated to the fullest extent in the nature of his work and shored in the pride of his success.

Preceding the initiation in the armory in East Main street, a parade left the Castle Hall in the Ankele building, shortly after 7 o'clock and marched around the square headed by the Buckeye band, and the regimental officers. In the line of march was Joseph Dowdall company No. 1, of Columbus, commanded by Captain E. E. Doty. This was the first company ever organized of the Uniform Rank K. of P. Next in line was Kokosing company No. 71, of Mt. Vernon, led by Captain L. B. Hunt, and the rear was brought up by Licking company of Newark, under command of Captain Eugene Wolinski, and Lieutenants Stewart Taef and Harry L. Rexroth. The Newark Knights made a remarkably fine appearance, and executed with military precision a number of foot movements which gained generous applause along the line of march.

Arriving at the armory the work of initiation was put on in approved style by the Columbus Knights and witnessed by the Mt. Vernon visitors, who had been invited to be present by Captain Wolinski.

After the ceremonies which only occupied about 30 minutes the knights again formed in line and marched back to the castle hall in the Ankele building which had been transferred into a banquet hall, by Caterer Charles F. Dean, who is not only an expert in this line, but also an enthusiastic member of the body, ranking as captain on the staff of Col. W. C. Graham.

The Sir Knights were made welcome in a short address, by Captain Wolinski, in which he urged upon all an enthusiastic and practical endorsement of the cardinal principles of the order, in a manifestation of honor to yourself, to your family, and to your home, justice to your fellowman, and loyalty to your country and the principles of the order. He concluded by saying that he expected soon to have one hundred members in Licking company, and asked for the enthusiastic support and co-operation of the members.

All were seated and enjoyed the following menu:
Roast Beef
Baked Corn
Radishes
Mashed Potatoes
Ice Cream
Coffee
Cakes

The visiting officers present were: General E. F. Durand of Columbus, formerly inspector general of the Uniform Rank K. of P. of the world; Col. W. C. Graham of Lancaster, commanding First regiment, Ohio brigade; Col. L. G. Hunt, Mt. Vernon; Lieutenant-Colonel J. T. Sherman, First regiment; Major W. C. Appleton, First battalion; Captain Fred F. Vance, Columbus, assistant First regiment.

CELEBRATION OF MAY DAY AT DENISON

(Special to the Advocate.)

Granville, May 14.—May day exercises are being held at Denison University this afternoon. The coronation ceremonies of the May Queen were performed by Archbishop R. S. Colwell, dean of Granville college, on the Shepherdson campus at 1:30 o'clock, and immediately afterwards the Queen was carried to Beaver Field in an automobile, to which the struggling athletics engaged in a track meet.

Participants have been entered by all the classes and it will not be surprising if there will be a number of records shattered during the afternoon, as there are several men among the freshmen and upper classes who possess exceptional talent.

Medals of gold, silver and bronze will be awarded by the May Queen to the three athletes securing the largest number of points.

Inspector HERE TO LOOK OVER SITES FOR P. O.

Inspector McGregor of the postoffice department, arrived in Newark shortly after noon Thursday and late in the afternoon arranged for a tour of inspection of the various sites offered the government for the proposed federal building. After completing the inspection, Mr. McGregor will make his report to the department chiefs recommending the site he finds most desirable. The inspection will probably be made Friday.

French Beauties All Slender

In Paris (the city of the world's most beautiful women) the first thing the tourist notices when studying the beautiful native women is the absence of plumpness or flesh. They are always slender and graceful and so attractive.

Their nervous, emotional temperament of course effects somewhat their physique, but most of them keep up a continual fight against increase of weight. One of the many fat preventives and cures is easily made at home by mixing 4 ounces paraffin (all good druggists carry this) with 1 1/2 pints hot water. When cool strain and take 1 tablespoonful before meals until weight is just where you want it. This is a safe, harmless method of fat-reduction and does not depend on dieting or unusual exercising. The paraffin treatment is gentle in action and restores the symmetrical lines to the figure. Advertisement.

FELL FROM THE SEVENTH FLOOR

(Associated Press Telegram)

New York, May 14.—Howard Jacott, 34, for ten years connected with the Shubert theatrical interests as manager, playwright and "play doctor," fell or jumped to his death today from the seventh floor in his hotel.

Friends said he had been suffering from neurasthenia, and had recently threatened to end his life.

BOARD OF COMPLAINT IS NAMED

They Are Frank A. Bolton of Newark, T. C. Jury and Burr Jackson of the Country.

(Associated Press Telegram)

Columbus, May 14.—These appointments for members of board of complaints for Licking county were announced by the state tax commission today. Frank A. Bolton, Newark, Burr D. Jackson, Liberty township, and T. C. Jury, Licking township.

One of these men will serve for one year, one for two years and the third for three years, but these terms were not announced.

The board of complaint is a part of the new tax system, and the members will receive not less than \$3.50 nor more than \$10 per day for the days they are in session.

The auditor of the county will serve as clerk of the board, while it is in session. The board of complaint will hear all complaints relating to the assessment for taxation of real and personal property, and shall have power to raise or lower the value of all property submitted for review.

The first Monday in August next, and has power to employ such help as the state tax commission may deem necessary and prescribe.

CITY ARRANGES TO USE SCALES AT JOHNSON'S

Pending the installation of the new scales secured by the city for use at the city hay market in South Fifth street, the city weighmaster has arranged to use the scales at Johnson's junk yard to do city weighing. This will save farmers and others using the city scales, a trip to the eastern part of the city where the Osborn scales are used.

FINE WEATHER FOR PILGRIMS TO CAREY SHRINE

(Associated Press Telegram)

Upper Sandusky, O., May 14.—True to prediction and in keeping with tradition, that Thursday the big pilgrimage day of Novena week at the Miracle Shrine of Our Lady of Consolation at Carey is never marred by the elements; the clouds broke early this morning and the thousands of pilgrims were favored with an ideal day. Masses were conducted from three altars this morning in both the frame shrine and new church by Rev. Father Aloysius Fish and a score of priests. The procession of "Mendicants" was the largest in years.

KICK IN WITH \$1.86 TO HELP RUN THE STATE

(Associated Press Telegram)

Columbus, May 14.—Each of the 5,260,898 persons in Ohio will contribute \$1.86 for maintenance of the state government for the 1914 appropriation period, according to figures compiled by Budget Commissioner W. O. Heffernan and made public today. Nearly half, or 80 cents is spent for the upkeep of state charitable or penal institutions and 42 cents is spent for educational purposes.

These estimates do not include the \$700,000 raised for educational institutions by direct tax.

The aggregate of the budget appropriation bills for 1914 is \$9,370,921.

FIVE INSTITUTES FOR LICKING CO. ARE ANNOUNCED

(Associated Press Telegram)

Columbus, May 14.—Places in 38 counties where farmers institutes will be held next winter were announced today by C. R. Wagner, deputy director of Institute work for the state agricultural commission. Much rivalry was shown by small towns all over the state for location of the institutes, Mr. Wagner said. Among those announced are: Licking—Croton, Etina, Vanatta, Franklin township Grange Hall, Perryton. Muskingum—White Cottage, Dresden, Bloomfield, Norwich, Highhill.

POLICE ARREST DIAMOND THIEF IN DAYTON STORE

(Associated Press Telegram)

Dayton, O., May 14.—The police are holding Mose Ettinger, who claims New York as his home, and who tried to dash away with a \$235 diamond from F. G. Myer's jewelry store at an early hour this morning. Ettinger went into the store as the proprietor was opening his place of business, examined the stone, and carried it to the door to get a better look at it. It looked all right and he started to run away with it. A funeral procession chanced to be passing and Ettinger ran right into about 100 men who held him for the police. He was bound over to the grand jury on a robbery charge and claims he is insane.

No More Ugly Hairs To Mar Your Beauty

(Toilet Tips.)
 Any woman can keep her skin free from bothersome hairy or fuzzy growths by the following simple and speedy method: Mix a stiff paste with a little powdered talc and some water; apply this to the objectionable hairs and let it remain about two minutes; then rub off, wash the skin and every hair will have vanished. No harm or inconvenience attends this method, but to be certain of results it is advisable to buy the talc from a small original package. Advertisement.

FACTORIES WILL CLOSE FOR TWO WEEKS IN JULY

(Associated Press Telegram)

Pittsburgh, May 14.—Representatives of the American Flint Glass Workers Union and the National Association of Pressed and Blown Glass Manufacturers here today decided that all union tableware factories in the United States should close for two weeks beginning July 3. The agreement is the same as that of last year. Ten thousand men in plants located principally in Ohio, West Virginia and Pennsylvania will be affected.

NOTED JEWELS DISPOSED OF IN SINGER'S WILL

(Associated Press Telegram)

New York, May 14.—The notable collection of jewels, valued at \$1,000,000, including the famous Nordica pearl and other gems almost priceless because of their lawlessness and beauty, were disposed of by Madame Lillian Nordica, the singer, in her will, some details of which became known today.

In addition to the jewels, Mme. Nordica disposed of other property valued at several hundred thousand dollars. Her husband, George W. Young, the New York banker, and her three sisters, it is understood, are her chief legatees.

Mme. Nordica's body is expected to arrive in New York about June 25.

SUSPEND ALL BUSINESS TO HONOR HERO

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, May 14.—Francis Patrick Delowry, seaman of the U. S. S. New Hampshire, killed during the fighting at Vera Cruz was today given all the honor that Pittsburgh had to give. Business was suspended by proclamation of Mayor Joseph G. Armstrong until 11 o'clock, church bells tolled, and uncovered thousands lined the streets as the funeral cortege, escorted by the Second brigade, N. G. P., commanded by Brig. Gen. A. J. Logan, passed from St. Paul's Roman Catholic cathedral where requiem high mass had been celebrated to St. Mary's cemetery where the body was interred. Schools were closed, the stock exchange ceased business and even the courts paused during the funeral services.

At 8 15 o'clock the flag-draped casket was taken from Delowry's boyhood home and, with a guard of honor transferred to the cathedral at Fifth avenue and Craig street. The vicinity of the cathedral was thronged with people as the casket was removed from the caisson and carried into the church already filled with city and county officials, church dignitaries and friends and former school mates of the dead sailor. At the close of the service the casket was again placed on the caisson and the long march to the cemetery began. There the services were brief, a firing squad giving the final volley and the clear notes of a bugle sounding taps.

All the ceremonies incident to the funeral were far removed from the business district, but as the cortege left the church the chiming in Trinity protestant Episcopal church downtown pealed out the notes of "Nearer My God To Thee" and when the body was lowered into the grave they sounded "Abide With Me."

NEW ENGLAND PAYS TRIBUTE TO THE DEAD

(ASSOCIATED PRESS TELEGRAM)
Boston, May 14.—Under gray skies New England today buried her dead from Vera Cruz. The three men who died in the service of their country were D. A. Haggerty, Walter L. Watson, and Rufus E. Percy. Haggerty was buried in Cambridge; Watson in the little town of Eastham, on Cape Cod; and Percy at Highgate, Vermont, on the Canadian border.

The widely different surroundings in which the three men spent their youth reflected in the arrangements for their funerals. Cambridge, in the center of New England's metropolitan district and the seat of one of the state armories, was able to honor the body of her son with military ceremonies in which thousands participated. A company of naval militia gave the only touch of official display to the service at Eastham, where men, women and children who live beside the sea gathered to pay tribute. Farmers of the rugged north country honored the memory of the young marine whose boyhood home had been in Highgate, and a company of the national guard, with veterans of the civil and Spanish American war, escorted the body on its last journey.

For the funeral of Haggerty there was a solemn high mass of requiem, with military accompaniments in St. Patrick's Roman Catholic church and the body was followed to the grave in Cambridge cemetery by a long procession.

The town hall at Eastham was chosen for the Watson funeral, conducted by a Universalist clergyman with burial in the village cemetery. The Percy funeral was held in the Congregational church at Highgate center, with interment in Highgate cemetery.

GOVERNOR IN THE FUNERAL CORTEGE

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 14.—Hundreds of soldiers and sailors in uniform with bands playing, headed the funeral cortege which today carried to its last resting place in Waldheim cemetery the body of Samuel Meisenberg, the Chicago marine killed at Vera Cruz.

Governor Dunne, Mayor Harrison, United States Senators Lewis and Sherman, scores of fraternal organizations and hundreds of citizens and public officials marched in the procession. A squad of marines from the Great Lakes Naval Training School at Lake Bluff, Ill., fired a last salute as the body was lowered into the grave.

Early in the day the body was taken from the Meisenberg home to the Kaneasas Israel Synagogue, where the funeral services were held. Governor Dunne, Senators Sherman and Lewis, Mayor Harrison and Judge Hugo Pam of the municipal court made short speeches.

How To Avoid Doctor Bills

(Health-Notes)
"Practically all sickness can be traced to impurities in the blood which accumulate during the winter months. If old and young alike would follow the old-time policy of taking a good blood-purifying cure spring there would be much less fever and sickness and, as a result, a big saving of doctor bills. A cure can be made at home at little expense, by dissolving in 1/2 pint alcohol, 1/2 ounce sugar and one ounce karoine, then adding hot water to make a quart. This makes enough for a whole family and a tablespoonful taken before meals soon makes the blood pure and red, removing quickly all pimples, sallowiness and lack of appetite. It cures every strain of a tired, worn-out system, and gives one a world of energy and good health."—Advertisement.

PRAYERS FOR SUCCESS OF MEDIATORS

(ASSOCIATED PRESS TELEGRAM)
Washington, May 14.—Prayers for the success of the South American mediating powers in composing the Mexican situation were requested in all Methodist Episcopal churches on Sunday, May 17, in a communication addressed to the churches today by Earl Cranton, senior bishop of the church. The bishops of the church in session in Philadelphia recently commended the President for accepting the mediation proposals.

Charles Mount of Parnessville was killed by a B. & O. train Wednesday.

COLUMBUS PIKE

Mrs. Dick Evens spent Sunday with Mrs. A. Day.
Miss Myrtle Biggs of Hebron is visiting her grand mother Mrs. Woolard.
Mrs. Perry Comisford of Cedar View delightfully entertained Sunday afternoon her sisters of Newark and their husbands, Sheriff Slabaugh and wife, Frank S. Lees and wife, also her niece Miss Thelma Taggart of Hebron. After lunch they all enjoyed an automobile ride over the country.
Miss Martha Woolard is able to be around at this writing.
Mr. George Messenger, Mr. Frank Messenger and wife, and Master Lee, Mr. Arthur Harbo and lay all started for a joy ride in a new machine Sunday, when but a short distance from home a tire burst, and it so happened they had no other tire with them, so all their bright smiles was turned to sad ones, and home-ward they started.
